	include responses (or lack or response) in box below or attach copies or cinalis (prederica).

Impact Statement

(If other areas/units or plans are impacted, statements should include the date when the head of a unit was contacted, and the response or lack of response.)

Rationale
Especially how this will appeal to learners and employers)
Total Hours Required
Limited to a range from .5 to a maximum of 11.5 credit hours)
f new courses are proposed to support this microcredential, then list them here
Proposals for new courses must be submitted separately)
Troposais for new courses must be submitted separately)

Assessment of Student Learning Statement

(All Microcredentials require assessment. For permanent approval, the Office of Assessment will also review the assessment of student learning.)

Market research analysis demonstrating need for this new microcredential		
Attachments?		
Microcredential Intake Form		
This is a REQUIRED attachment and can be found at https://microcredentials.k-state.edu/faculty-and-staff-resources/		
If a specific degree program is required, specify here		
Does the microcredential stack into an existing certificate or degree at K-State?	☐ No	Yes
If it stacks into a specific degree program, specify program here		
Was the microcredential approved through a major academic unit's review/approval p No Yes	orocess?	

(Each Major Academic Unit (MAU) shall set up an internal process for MAU approval for microcredentials. This need not follow the usual curriculum approval process but can be tailored to allow faster approvals when needed. a) Each Dean or Director of an MAU shall inform Grad Council and Faculty Senate of their internal processes. b) Interdisciplinary proposals can come from any college and only need official approval from one unit (but at the next level all involved units will of course be queried about their support). c) All requests for microcredentials, whether credit or non-credit, must come through a MAU.)
